**DEPARTURE.** — September 12. Shamrock, steamer, for Launceston.

A survey has been held on the Lady Mary Pelham, but the full extent of the damage cannot be ascertained until the cargo is discharged. It is said, however, that her back is broken, and that she will be condemned and sold by public auction. She was the property of Mr. Henty, of Portland, and insured. Mr. Henty had shipped by her about £600 of tallow, salt beef, sheepskins, wool, &c., and Messrs. Rutledge and Co., of Belfast, about £1400 wheat, tallow, hides, and wool, and a great part of the cargo is insured.—*Belfast Gazette, September 7.*
