Source Information

Ancestry.com. *Australia Cemetery Index, 1808-2007* [database on-line]. Provo, UT, USA: Ancestry.com Operations Inc, 2010.

Original data: Cemetery transcriptions compiled from various local family history societies. Name of compiler is provided for each record.

Description

This data collection contains tombstone transcriptions from several cemeteries in Australia. Information collected from burial registers or funeral records was sometimes also used. The entire collection covers deaths from 1808-2007. However, years covered for each area/cemetery will vary. [Learn more...](#)
