

CORRIMAL.

(Our Correspondent.)

The Corrimal mine is still working very well, and the position generally is brighter.

The new A.L.P. is making great headway here and much enthusiasm is being displayed. Mr. Lysaght addressed a big crowd in the School of Arts one night during the week. Mr. Davies gives his final address to-night at the newsagent's corner at 8 o'clock.

The rain is playing havoc with the streets here, and some are nothing but mud and water. Tennis courts are almost beyond repair.

A local resident states that he found a mushroom growing in his garden one morning during the week weighing 1½lbs, he claims to have broken all records.

The Ambulance class is again on the move and intend to make first aid instruction quite the thing, it is indeed a good thing for all to have a knowledge of.

The euchre party and social in connection with the Parents and Citizens' Association, which was to have been held on Monday had to be postponed. The secretary states these gatherings are being arranged with a view to bringing teachers together and assisting in making the

school one of the most up-to-date in the State.

the State.

The marriage took place at Newcastle recently of Miss Mona Weber, daughter of Mr. Guido Weber, who is one of the well-known Weber family, who spent their scholastic days in Wollongong, to Mr. George Preston, of Newcastle.
