

Personal Notes.

Mr. Walter Webb, son of Mr. Robert Webb, of "Willowbah," Narrandine, the champion polo player of the West, passed through Dubbo by last night's mail train on his way to Sydney, where he intends to join the Light Horse Camp.

Parcells Porter Russell J. Clymo, of the local railway station, who has been in the Dubbo Hospital for some time, is showing satisfactory progress, and it is expected will be able to resume duty in the course of a week or so.

Mr. H. H. McNiece, the popular and energetic representative of W. H. Paling and Co., has been confined to his room for some days at Hamer's Hotel, suffering from a severe attack of influenza. He is pleased to state he is making satisfactory progress.

The "Stork" paid a visit to the home of Mr. Guido Weber, master of Delroy Public School, a few days ago, and as a result of the visit a fine bouncing baby girl has been added to Mr. Weber's family. Both mother and daughter are doing splendidly. Mr. Weber, who is an enthusiastic member of the local War Service Committee, expects to go into camp in about three weeks' time, preparatory to going to the front.
